Municipal District of Little Bow Appoint Doctor.

The application of Dr J Well-
wood, of Edmonton was accept-
ed by the council of Little Bow
after several hours considera-
tion of applications for the
medical contract of Municipality
of Little Bow, at a special
meeting held here on Monday.
This application was voted for
by five councillors, Councillor
Allen supporting his motion
that Dr D A McKenzie be hired

A petition from a number of
ratepayers, requesting that Dr
McKenzie's application be
accepted, was presented, but the
council took the view that in
consideration of the lack of
harmony between Dr Freeze
and Dr McKenzie, and the fact
that the two municipalities of
Little Bow and Harmony to
which Dr Freeze is under
contract, both are included in
the Carmangay Hospital, it
would not be in the best
interests of the people of the
Municipality to act upon this.
Councillor Allen stated that in
view of the petition and the
popularity of Dr McKenzie in
his district, he could not sup-
port any other applicant

The council moved a resolu-
tion of appreciation for the
work of Dr McKenzie and their
regret at losing his services.

The council also moved a
resolution to amend the con-
tract so that the doctor must
provide an office and waiting
room more acceptable to the
council than the one at present
in use.

An application for tax con-
solidation was received by the
council. After some discussion
a resolution was passed that
the council pass a bylaw
authorizing such consolidation
when the council consider the
conditions warrant it. The
council felt that if people could
be made to realize that taxes,
were a first charge against
their crop, a greater effort
might be made to co-operate
with the council in clearing
taxes from their homes. The
consolidation had not proved
very satisfactory when the
council had had it in effect.

nity hall, Carmangay at 8 30
p.m. on Friday, June 28th. The
Meeting is open to the public
and all are welcome. Vocal
numbers will be contributed by
Miss Beverly Roberts and
reading by Miss Wilma Ohler

Mrs. F. C. Alcock Celebrates 76 Birthday.

A number of friends drop-
ped in to surprise Mrs F C
Alcock on Tuesday, the occasion
being her 76 th birthday.

Mrs Alcock, an old timer of
this district, was born in Eng-
land and came to this district in
1909. Since that she has always
been an active member in
various womens organizations.
Most outstanding of these has
been her splendid work in the
Womens Institute. She is also
a member of the Anglican
Church.

This grand old Lady is still
straight as a shaft and may be
seen almost any day walking
along with her dog Buster and
her only aid, a walking stick.
She walks to the corner looks
each way and crosses the street
in a manner that would become
a woman half her age.

In the evening Mrs Alcock
attended the local Theatre to
see the show Wuthering
Heights which depicted many
homeland scenes to her.

The district join us in say-
ing many happy returns of the
day Mrs Alcock.

A Tribute To The R C M P

Despite the excitement in some quarters in the east about a supposed invasion of Ontario by Nazi followers which is officially denied by both Ottawa and United States there is genuine gratitude for the work of the R. C. M. P. who have kept Canada free from serious troubles, such as happened during the early part of the last war.

The work of the police has been secret but hundreds of persons who are not in sympathy with our cause have been rounded up or warned.

In Champion as elsewhere the police have the matter well in hand, thanks to the R. C. M. P. who have everyone "sized up". They had their list the day that war broke out and the people of Champion, Carmangay and Barons have been protected as far as humanly possible. If you have definite information about anyone tell it to the police, not to your neighbor or on the street corner. It is your duty to refrain from casting suspicion upon persons without the police having the privilege of checking up.

Have confidence in the R. C. M. P. who have prevented any sabotage from coast to coast and leave the matter of internment to them.

Every reader of the Chronicle is touched by the swift moving events in Europe during the past two weeks and are anxious to know what can be done.

There is something we all can do and that is remain calm. It is said in official quarters that all leaders in France were strengthened by the attitude of General Weygang who, while Paris was being surrendered and other difficulties presenting themselves remained unruffled, cool and collected giving orders to business to carry on.

HELPING THE TOURIST

Helps
CANADA

EVERY year well over 10,000,000 tourists visit Canada from the United States. They spend some \$250,000,000 in the Dominion. Canada's tourist trade has become one of the most important sources of the country's national income. Under stress of war, American tourist dollars are vital in providing needed exchange. Canada's Chartered Banks materially assist in promoting this valuable trade. Over 3,000 branch offices provide the tourist with familiar banking services throughout the Dominion—often in the most remote areas. At any of these branches travellers' cheques are cashed, drawings under letters of credit negotiated, money exchanged, tourist information gladly furnished by managers and staff. By friendly, courteous treatment and efficient service, Canada's Chartered Banks add to the warmth of welcome and encourage the stranger within our gates to return another year.

In war, as in peace, Canada's Chartered Banks maintain, uninterrupted, all their services to depositors, farmers, manufacturers, exporters—facilitating the nation's business—looking forward to peace with freedom as the only sure basis for enduring prosperity.

Edison Stresses Unity

All the ships and guns and material defense we could produce would avail us little unless behind stands a united people — a people whose faith in God and in those moral attributes that have made our country great, remains militant and unshaken. Moral re armament shares equally in importance with material re armament in these critical days as always. This was the message from Hon Charles A Edison, Secretary of the United States Navy, to the Citizens Meeting for Moral re armament in the Civic Auditorium, San Francisco, California on the occasion of the second anniversary of Moral Re - Armament and the birthday of Dr Frank Buchman, June 4th 1940 Mr Edison in the same message offered "my birthday congratulations for the splendid work Dr Buchman has done and is doing.
